Did you know that...

In 2005, 77% of new HIV/AIDS infections in Africa were among young women?

Canadian co-operators are working with the Credit Union Association of Ghana (CUA) to equip young people with the knowledge and confidence to protect themselves from HIV/AIDS. To date, over 10,000 young men and women have benefited from this project.

Canadian Co-operative Association

WE ARE MAKING A DIFFERENCE.
TOGETHER.
